Hello...

Hi there! Thank you for enquiring about my photography sessions!

Hi There! Thank you for enquiring about my photography sessions!

Here you will find the different types of sessions I offer (excluding newborn, that's a whole different brochure, available on the website)

This brochure explains how each sessions works, what is included and what to expect, it touches upon my most frequently asked questions.

Big thanks to Mona Jones Photolicious for my new portrait!

I am a newborn specialist but I also love to capture babies and toddlers, I find the first few years amazing and it is always an absolute pleasure to be chosen to photograph such gorgeous little people!

Whilst I do not often photograph teens, adults or animals I am more than happy to photograph families.

I do not photograph weddings, events, commercial or boudoir.

I have photographed hundreds of babies and children and I adore capturing their little personalities, it is also a great pleasure to photograph babies as they grow from newborns up to their toddler years and above.

Love, Sx

What to Expect?

Here at S J Photography each session is tailored around the individual baby, toddler, child or family.

A questionnaire and contract is sent via email to fill in and sign digitally making the process super easy!

Once I have an idea of your requirements based on your questionnaire choices I can build a vision of what your session will look like, whether it be choosing outfits, backdrops or props.

I allow for up to 2 hours for most sessions, however for younger toddlers and babies their attention span is usually around the 45 - 60 minute mark, I will never force a baby or child to be photographed if I feel they have had enough, although I am always happy to take a break for a snack or bottle during a session.

The Photography Studio

S J HQ is a purpose built baby and child studio, cosy, comfy and located in the heart of Pembrokeshire overlooking stunning sea views with ample off road parking you can sit back and relax during your time here.

The studio provides bottled water, children's drinks, tea, coffee, hot chocolate and biscuits completely free of charge! So don't worry about a thing, we have it covered!

The studio is designed for babies, toddler and children up to a maximum of 4 children, although a family photo can be done for newborn sessions it is not ideal for a fully family session, so for these I suggest an outdoor session! :)

The studio is located at:

**24 Heol Caradog
Fishguard
Pembrokeshire
SA659AY**

It is the very last house on the left, continue to follow the road around to the back of the house where you will see four bollards and a drive to your left, that's me! Park in the drive and the studio is right ahead.
